1. Introduction

R11_p1 version of the schema is developed from r11 as a result of bug fix and enhancement required to support the B2B processes and market start for SA FRC based on change requests CR#7 and CR#8

The summary of schema changes are as follows:

- Extend list of valid values for the Market element in the aseXML Header (CR#7)
- Bug Fix related to missing value "NEWCAPPT" of the ServiceOrderType.

2. Schema Manifest

The table below contains all the schema files. The release identifier in the file name reflects when the file was last modified. All files included in a release are marked with a black tick. A cross means the file was removed from the release. The following legend is applied to the table:

- Files modified between r11 and r11_p1 are marked with blue cross.
